

# Opening Service Line Flow

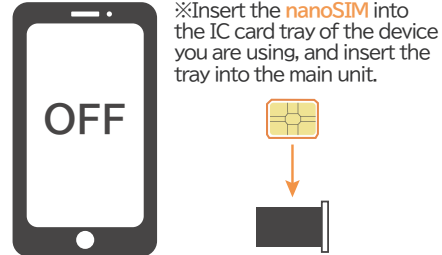

## STEP 1 Remove SIM Card

Remove the SIM card from the main card.

## STEP 2 Install SIM Card

Be sure to turn off the power before inserting the SIM card into the device. ※

## STEP 3 Connect to WIFI

Please connect the device to the WIFI network.

## STEP 4 Set APN

Please access the following URL and set APN.

<https://onodera-lifesupport.com/service/simapn/>

※If you have installed another company's APN setting profile, please delete that profile beforehand.

### Precautions When Returning to Home Country

- Temporary Leave  
As a general rule, monthly fees will be incurred even if you do not use the service. Please be sure to contact us before your temporary return to your home country.
- Returning to Home Country After the Period of Stay Has Expired  
Please be sure to contact us after your period of stay has expired and before you return to your home country. We will guide you through the cancellation procedure and payment method for the month of cancellation.

# APN Setting Method

∖LIFE FORCE SIM requires the APN to be set before use!  
Communication network is not available without APN setting! √

## Android

- 1 On the home screen, tap **[Settings]** → **[Wireless & Networks]** → **[Mobile Network]**.
- 2 **[Access Point Name APN]** → **[+]** or tap **[New APN]** from the menu on the upper right and enter the following setting information.

Name	Life Force
APN	Vmobile.jp
User Name	life
Password	force
Authentication Type	PAP or CHAP

- 3 After saving the setting information, the setting is now complete.

## IOS

- 1 Open **[safari] (browser)** after connecting to the Internet in a Wi-Fi environment.
- 2 Access the **QR code**.
- 3 Tap **[Install Profile]**.

## Member Support (My Page)

Confirmation of monthly fees, usage statement, plan change, cancellation notice, etc.

## f Inquiry Desk

Please contact us if you have any problems with APN setting, procedures, device model changes, etc.
